CETA Composite Decking

Product made from a unique blend of HDPE wood fiber and other proprietary components are an elegant, cost effective, durable and safe alternative to wood for both residential and commercial outdoor recreational areas. The life span of wood is limited when exposed to moisture and insect damage. Wooden decks require chemical treatments to maintain appearance and structural integrity. Screw heads pop out over time and required maintenance generates extra cost and takes time away from your fun and relaxation. In addition, the safety of wooden structures can put friends and family at risk with splintered or slippery surfaces.

Composite
Fence

Premium Composite Fence Panels

CETA Premium Composite Fencing Panels are a high-quality, rot-resistant and durable alternative to wood fencing panels. Our Composite Fence Panels and Aluminium Fence Posts are more capable of withstanding wind, rain, sun and other types of weathering when compared to alternative low-quality timber fencing. Composite Fencing is also stronger and easier to maintain compared to traditional timber - it does not require staining, varnishing or treating. Composite Panels easily slot together for quick and simple installation of your new Composite Fencing perimeter.

Premium Fence Panels Size 1.83m x 1.85m. This is included 1 Aluminium Fence Post.

If required, 1.85m and 2.4m Posts available. Please Contact with us for different CETA Composite Fence Panel size options.

Available in 3 different colours.

Premium Composite Fence Board

Our Composite Fence Panels and Aluminium Fence Posts are more capable of withstanding wind, rain, sun and other types of weathering when compared to alternative timber fencing. Within U Channel Insert, you can easily fit Composite Fence Boards to your existing fence post.

Plastic Pedestals

Pedestals are designed to reach the desired final elevation and eliminate the difference in slope. Their purpose is to enable making the last layer of flooring without using protective alum on the insulation.

These pedestals also aim to provide a continuous drainage system through the open joint gaps of the flooring. Adjustable plastic flooring pedestals offer a system that can be intervened under potential insulation problems. They are also quite durable with a carrying capacity of 900 kg.

T-AR
With T-AR, joists from 1 cm to 10 cm can be assembled

CETA Plastic T-Clips & Stainless Steel Screws

CETA Composite Decking Plastic T-clips for Premium and Deluxe Series Composite Decking Boards.

Ceta Plastic T-Clips and stainless steel screws have been designed to fit between Ceta Composite Decking Boards for a strong and effective installation, leaving just a 6mm gap for expansion. T-Clips are corrosion-resistant, long-lasting and supplied.

Pack of 100,

Black painted small head stainless steel screw included.

We recommend 10 pcs of t-clips for every 3.6m of Composite Decking Board.

CETA Metal Clips & Stainless Steel Screws

CETA Stainless Steel Clips secure tightly and easily into Ceta Composite Decking Boards for a hidden connection between boards.

Our Stainless Steel Clips and Screws (3x32mm) fit within the grooves of Ceta Composite Decking Boards for increased wear and corrosion resistance.

We advise connecting 10 clips for every 3.6m of Ceta Composite Decking Board.

Pack of 50,

Black painted small head stainless steel screw included.

CETA Starter Clips & Stainless Steel Screws

CETA Composite Decking Starter Clips for Premium and Deluxe Series Composite Decking Boards.

The ability to fit your composite decking project correctly from the beginning is a must. Ceta Starter Clips will help to avoid any unnecessary changes during the installation process.

Made from precision-cut stainless steel. Having increased corrosion and wear resistant properties, our Composite Decking Starter Clips will last the lifetime of your decking project to give added peace of mind.

Pack of 25,

Black painted small head stainless steel screw included.

Ceta Protection Tape

Completely protect and seal your new or existing deck frame or timber structure with Ceta Protection Deck Tape. Protected from water/moisture rot and frame weathering. By simply applying a strip along the top of your wooden joists as a 'cap' (rather than a wrap) protects the timber as it creates a strong seal from any moisture. 50mm wide, 65mm wide size options available.

Stainless Steel 3 x 32mm Timber Screw

Stainless steel screw.
For Composite Cladding to timber and composite joist applications.
Black Screw Pack of 100.

Stainless Steel 3 x 35mm Self Drill Screw

Stainless steel screw.
For aluminium and steel joist applications.
Drilling capacity 3mm aluminium, 1.5mm steel thickness.
Black Screw Pack of 100.

Self Drill Joist Screw 4.8 x 16mm

A light duty metal to metal screw with a reduced pan to give a flush finish. Silver organic plated to withstand over 500 hours salt spray test.
Silver organic screw **Pack of 100.**
Suitable for Aluminium Joist Connectors to Aluminium

Landscape Timber / Wood Screw 6 x 90mm & 6 x 150mm

Wafer Head Timber / Wood Screw suitable for exterior usage.

Timber screws are designed for decking, stairs, fencing, roofing, and landscaping. Plated in olive green to withstand up to 1,000 hours (min) salt spray resistance.

Wafer head for improved clamping and a low profile finish.

2 Different size available, 6 x 90 & 6 x 150.

Pack of 100.

Deluxe Colour Matched Screw 4.8 x 63mm

Ceta Deluxe Colour Matched Screws are available in five different coloured heads; black, brown, dark brown, dark grey and grey.

The 5 different colour matched with Ceta Deluxe Series Composite Decking Boards.

Stainless steel screw suitable for all composite decking board to wood applications.

Pack of 100.

Premium Colour Matched Screw 4.2 x 55mm

Ceta Premium Colour Matched countersunk screws have been perfectly colour matched to the Premium Series Composite Decking And Cladding Boards to create a high-quality finish. This small head painted screw will be hard to notice on your projects.

6mm small head and 55mm length.

Stainless steel screw.

Perfect for installing corner trims and fascia boards.

Pack of 100.

FREE DELIVERY
